

Internships

ARCHITECTURAL INTERN – Philadelphia, PA

Architectural Interns with 1-3 years of experience to work in small- to medium-sized teams on a variety of building types in a nationally-based firm. CAD, Photoshop, and MicroStation™ experience a plus. Should have balanced visual and technical skills.

Architecture

Students applying for summer positions must be currently enrolled in a professional degree program and have completed 3 years minimum in a Bachelor's program or 1 year minimum in a Master's program. Students should be computer literate including introductory CAD skills. Students should submit a resume, including home and school contact information, and a few examples of design work in 8 1/2 x 11 format only (no portfolios, disks, etc.). Architecture graduates shall have completed their Professional Degree in Architecture. Previous experience within an architectural office or other construction-related profession is highly desired.

Engineering

We partner with the engineering schools of area universities to offer the cooperative education experience to qualified students. Engineering co-op students gain the opportunity to spend a part of the school year solving reality-based problems that permit them to enter the job market with a degree of confidence. Experienced engineers provide incentive and support to co-op students and encourage their learning and growth through mentoring programs.
